SUMMARY

BCA student with strong programming skills in Python, C, and C++, along with experience in Flask/Django and AI-based applications. Developed multiple real-world projects including AI assistants, computer vision systems, and web applications. Enthusiastic about building practical solutions using machine learning and modern web technologies.

EDUCATION

(2023 - 2026)

**GURU JAMBHESWAR
UNIVERSITY OF SCIENCE &
TECHNOLOGY**

Bachelors of Computer
Application

(2022 - 2023)

GOVT. SR. SEC. SCHOOL

Senior Secondary
School
Science
(with Mathematics)

(2020 - 2021)

VISHVAS SR. SRC SCHOOL

Secondary School

PROJECTS

SMART RESUME FRAUD DETECTION SYSTEM (AI / NLP PROJECT)

- Flask-based web application for detecting fraudulent resumes.
- Implemented TF-IDF, Cosine Similarity, and Logistic Regression.
- Built fraud scoring and analysis dashboard.
- Tech Stack: Python, Flask, Machine Learning, NLP, SQLite.

DOCUMIND AI (GENERATIVE AI PROJECT)

- AI-powered document analysis and intelligent querying system.
- Enabled document summarization and contextual question answering.
- Tech Stack: Python, Generative AI, NLP.

BABY AI ASSISTANT (VOICE ASSISTANT PROJECT)

- Developed a voice-controlled AI assistant integrated with Gemini API.
- Implemented wake-word detection, speech recognition, and system automation.
- Included GUI, system monitoring, screenshot capture, and voice interaction.
- Tech Stack: Python, Gemini API, Speech Recognition, Tkinter

AI VIDEO OBJECT DETECTION & TIMELINE SYSTEM

- Developed an AI-powered video analysis system using OpenCV.
- Performed frame-by-frame object detection and tracking.
- Generated timestamp-based event timelines.
- Built an automated video summarization pipeline.
- Tech Stack: Python, OpenCV, Computer Vision.

SKILLS

- Programming languages | Python, C, C++
- Web development | HTML, CSS, Flask, Django,
- Core concepts | OOPs, Data structures, Software Development
- AI & Machine Learning | Machine Learning, NLP, Computer Vision, Generative AI
- Tools & Platform | Git, Github, VS Code, Google Gemini API, Claude AI
- Soft Skills | Problem Solving, Quick Learning, Communication, Teamwork, Adaptability

LANGUAGES

Hindi

English
